Brothers & Sisters, Friends & Neighbors:

We at Hope, Help & Healing thank you so much for the **much needed support** you have given through **your volunteering and financial support** to the work and ministry of HH&H. Without your generous support HH&H would not be where it is today. Because of your sacrifices we have been able to **partner together with you** to help many people struggling with substance abuse to become self-sufficient, productive members of our communities.

Those that have partnered with us in the past believe this work to be very important but the most precious part of this huge undertaking is when we all get to witness the **transformation of Men & Women by the POWER OF THE LIVING CHRIST.**

Please continue to **pray for the future plans of HH&H** that we will be able to continue the path that the Lord has set before us. We have a **vision for the future** that will reach out to more people than ever before, including those who might have never had a chance for recovery in the truest sense of the word, leading them to the place of **commitment to the highest power**, our Lord and Savior Jesus Christ.

Although this is a very important and much needed ministry, due to recent budget cuts from state and local governments, we need your help more than ever. **Please let us hear from you** regarding your volunteer and financial commitment to HH&H for the future. We have included a form at the bottom to help us to project our budget for the rest of this year and next year.

**Please fill it out and hand it to one of the staff or mail it to the address below.**
